In the Spotlight

In developing a theme for this Wecomi the staff has turned to one of the greatest industries in the history of America, the Motion Picture Industry. Achieving the peak which it occupies today this industry exerts a most marked influence on the lives and customs of Americans, as it produces new patterns of thought, speech and action. Key words have been added to our vocabulary through its portrayal on the silver screen. Characters and scenes can be found in its realm comparable to those of every day life. The American Public has turned to motion pictures as one of its major sources of amusement and has absorbed many of its words and ideas.

Realizing the influence exerted by the motion picture world, the staff of this Wecomi has herein attempted to portray our own school year and our school life as a continuous moving picture. Words, ideas, and modes have been incorporated in this book which are now words and ideas of the American Public. This innovation has made it necessary to reorganize the plan of the book which we feel is an improvement over the traditional type of Wheaton Annual. The staff hopes that you will view this book in the light of the moving picture industry, as it has attempted to show high school life as a continuously moving, ever interesting drama of life.

Production

Developing some more headaches over layouts. Mar Storck, editor-in-chief and Mr. Burger, head adviser of Wecomis, trying to get everyone's picture into the book. Marion was also artist for the book this year. It's a big job being editor and artist at the same time. It is an old story to Mr. Burger as this 1939 Wecomis is the tenth successive year he has been the annual adviser. Three All American books in that time have brightened his days, and he still has hopes for another one.

Scripts

The literary staff of this Wacom hard at work. Standing at the left are Mary La Salle, club expert, and Betty Stafford with the pencil, who wrote the senior writeups, and at the right is Helen Townsend, poet and sports writer. Seated at the left are Janet Wood, associate editor in charge of all literary efforts, and Miss McCormick, head of the English Department and long experienced in annual scenarios. Phyllis Glidden, the fifth member of the staff, had plenty to do with the preparation of copy. On page 72 will be found a snap of Jimmy March, a layout hound, hard at work, and all through the book we give you Roy Clansky, photographer, always behind the camera but never in front of it.

Financers

The Business heads in a huddle with Mr. Sandholm, business adviser of the book. Standing is Harvey Meyers, business manager who, with Mary Louise Long's assistance, sold the ads and made up what we think is a mighty fine advertising section.

Lights! Camera! Smile! The Board of Directors: Mrs. March; Mrs. McCarty, Sec. of Dist. 95; Mrs. Gugler; Mr. Tibbetts; Mr. Fischer; Mr. Coats, Pres. of Dist. 95; Mr. Player; Mr. Burt, Pres. of Dist. 36; and Mr. Anson, Sec. of Dist. 36, who was not present at the time the picture was taken.

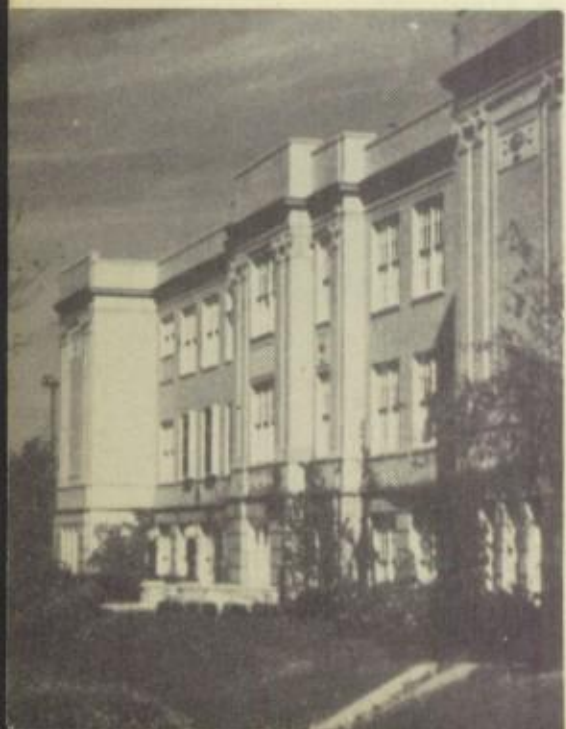

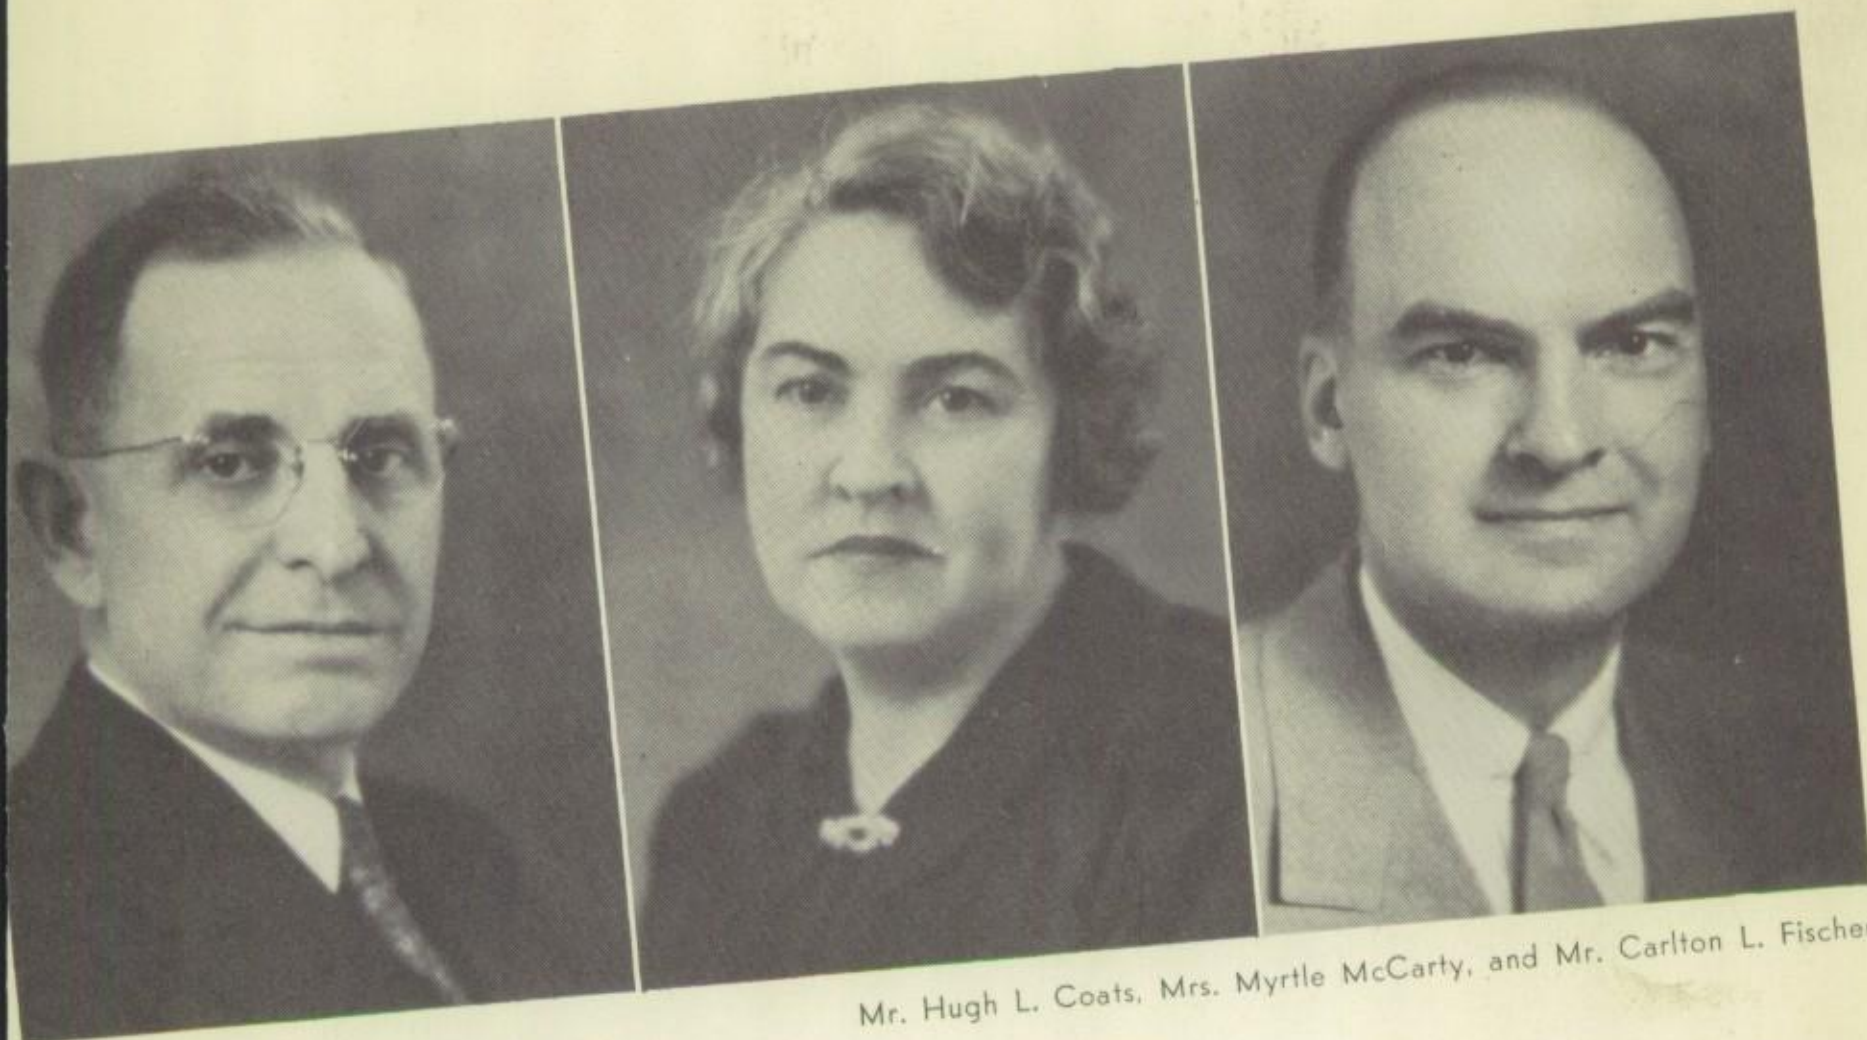

Eleven years ago Mr. Tibbetts became the superintendent of our schools, and two years later Mr. Coats was selected for a position on the school board. Since then in a spirit of friendliness the two have joined their best efforts for the improvement of our school. For the past three years Mr. Coats has very ably led the board as its President.

Mr. H. J. Burt

Interest and energy have always been distinctive marks of membership on the Wheaton Community High School Board. The board's latest problem has been accommodations for the ever increasing numbers of students. Submitted plans for an addition to the school building received the approval of both the board and the voters of the district. A government loan is all that is needed before other necessary plans can be made.

Mr. John M. Player

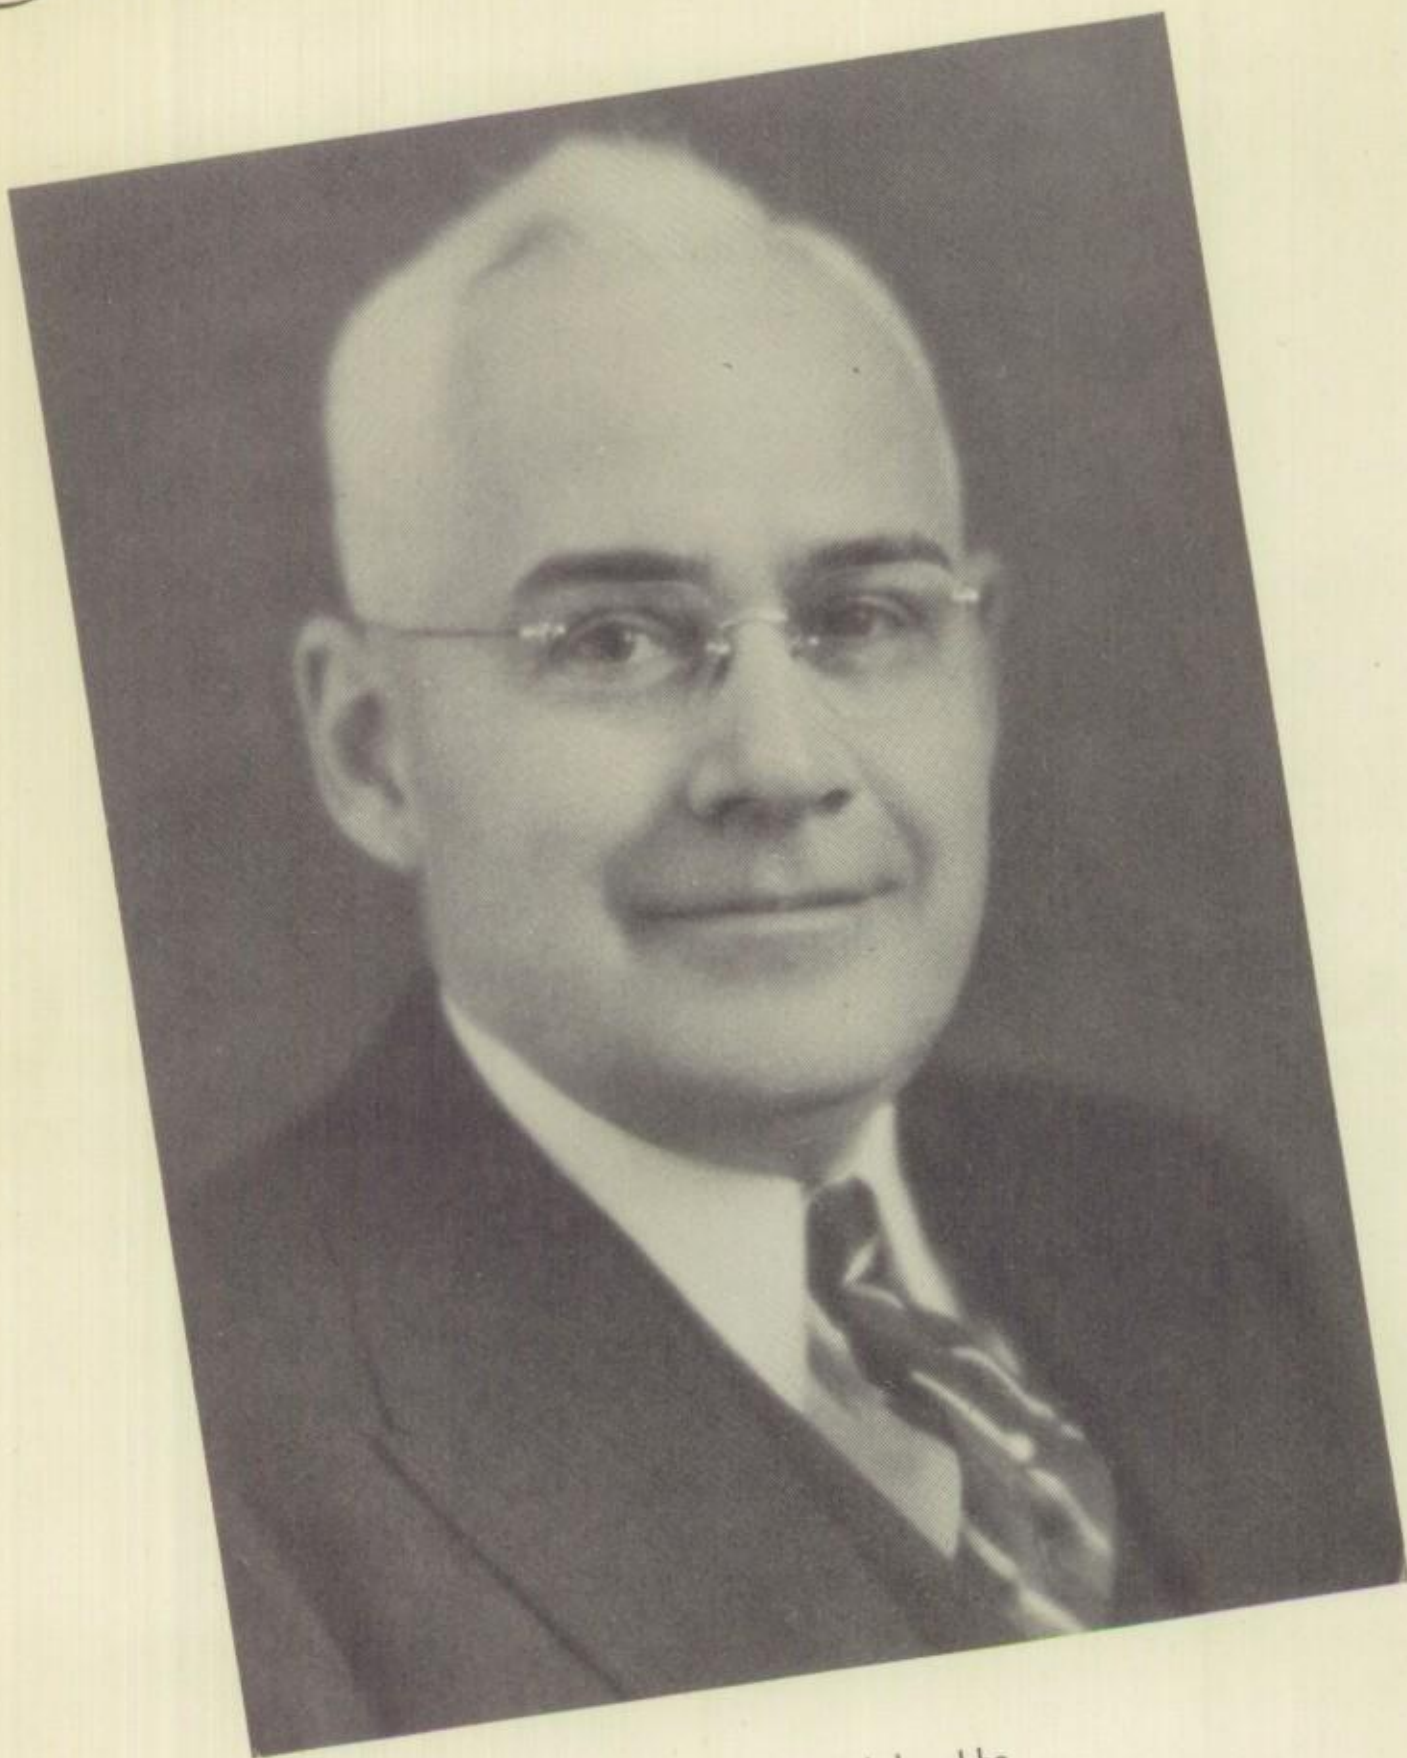

A pleasant shock greeted the assembled student body at an early date this fall. The cause: the presentation of luxurious new wine colored curtains to the school for the auditorium. The Board of Education is responsible for this welcome contribution.

The board has made a second improvement in the high school this year, the installation of a labor saving dishwasher in the cafeteria.

To you who have made these things possible we say with heartfelt sincerity, **Thanks for Everything.**

Then in May the event of the year, the junior-senior prom. Each class feels that it has outdone the preceding one in its decorating scheme, and we were no exception. With a cabin on one side and railings on the others, with stars beyond and overhead, it was not difficult to imagine that one was dancing on ship board. Relaxation in the middle of the evening was enlivened with delightful entertainment. The officers we selected to guide us through this, our junior year, were Esther Stevens, Harvey Meyers, Henrietta Dumpert, and Keith Clark.

Last and most outstanding in the memory of all will be our year as stars. Fall and winter passed in a rush of numerous activities and were followed by an even busier spring. In our many activities we were led by our officers Keith Clark, "Maggie" Burghardt, Ruth Hughes, and Joe Kleinwachter. This last season of the final year has been really eventful. In it occur most of our major events: the prom, the arrival of the annual, class night, the class picnic, baccalaureate, and commencement.

So long, we wish we were starting all over again!

Our boats of life are being cast upon an open sea in which we must all steer our own courses to storm or to safety, but in all our roamings we will not forget the four years we spent in the shelter of Wheaton High.

In reminiscence we will relive our first year when Erwin Soukup, Betty Jones, Harriet Tousley, and Janet Wood led us through our first venturings. Our greatest social accomplishment of the second year was the reception we extended to the juveniles. Brilliant in color and decorations it was a great success. Our officers in that year were Carol Reiman, Kenneth Hepler, Melvin Whitaker, and Tom Leary.

We well recall more easily the events of our junior year as they were many and of greater importance (especially to us). We gave our hop in October and therefore followed a Hallowe'en theme. Novel advertising lured many for a pleasant afternoon of dancing. **Wings of the Morning**, the play given by our class, was hailed a success. It was a philosophical play based on the shortcomings of human nature.

Earl Almdale

Robert Armstrong

★EARL ALMDALE. "So What?" Earl is one senior who has the proper school spirit and how he uses it at the games! He likes girls, dancing, and motor cycling (so well, in fact, that he's a member, in good standing, of the Fox Valley Cycle Club). His main interest is sports. ★ROBERT ARMSTRONG. "I Dream of Jeannie with the Light Brown Hair." Bob plays ping pong when he isn't singing with the Glee Club. He hopes to be a public accountant and make use of his bookkeeping. ★CHARLOTTE BAKER. "I'm Glad for Your Sake." Charlotte has found that her outside interest lay along these lines: G.R. 1-2-3, Vice-President, 4 President; Fortune Guild 3-4; Shorthand Club 4, Vice-President; and Student Conference Treasurer 3. Sketching is her hobby and ice box cake her favorite food. ★BERNICE BARTEE. "Happy as a Lark." "Bee" likes ice cream and devil's food cake. She intends to do secretarial work after graduation providing she can use comptometry. She has belonged to G.A.A. 1-2-3-4, G.R. 1-2-3-4, and Commerce Club 4. Scrap books are her hobby.

Standins

The junior class began its freshman year by electing for its officers Milburn Wade, Henrietta Watts, Betty Donnan, and Richard Reeder. As sophomores the class elected for its officers Robert Loveless, Marie Herran, Robert Bartlett, and Ted Dexter. The main event of the year was the annual freshman-sophomore fall reception. In October of this year the class sponsored the junior hop under the supervision of the junior class officers: Lyman Anson, Janet LaSalle, Tom Martin, and Harry Sell. The big attraction of the hop was a pie eating contest which was won by Allan Webster.

Extras

To help the sophomore class through last year as juveniles, we chose Marian Hale as president; Don Gibney, vice-president; Nannette Herran, secretary; and Bernice Carlson, treasurer. A grand reception was given us last year by the Extras, who had on their program the versatile Professor Quiz (Richard Reeder). We in turn entertained this year's tenderfeet in a "ballroom" decorated with an autumn color scheme. Our surprise of the evening was a "What's My Name?" contest broadcast from station W.C.H.S. The chairmen of our committees were: entertainment, Jean Meyers; food, Marian Hale; invitation, Jeannette Thor; and decoration, Bernice Carlson. This year our class officers are Gene Breckman, president; Dorothy Chaney, vice-president; Dave Northrop, secretary; and Alan Soukup, treasurer. Juveniles

We, the freshman class, entered W.C.H.S. as juveniles on Sept. 7, 1938. Disdaining the tradition of all freshmen, we refused to look frightened. After all, some of the sophomores aren't so big. We will, however, have to admit that we were pretty green. After giving the halls the once-over for a few weeks, we finally got used to our new abode. Due to our large numbers, we secured a separate lunch period, as well as separate clubs. We elected the following as our leaders: Bill Mignin, president; Marilyn Wilkins, vice-president; Bill Suhring, secretary; James Wenzel, treasurer. The extras finally got their noses down out of the stratosphere and gave us a party. Next, inasmuch as we were by now a social influence in the school, we decided to give a hop. Many of our boys were active in football. Jim Barry, Sheldon Pyne, Duke Durfee, Edward Orgon, Philip Durant, Richard Wehling, Wilbur Noble and Dick Heater were on the heavyweight squad. The lightweight team consisted almost entirely of the members of our noble class. Bob Bassett was named on the second team of the All-Conference Lightweights. Harry Peterson made honorable mention. There were four freshmen on the regular "B" team in basketball. They were: Jim Barry, Bob Bassett, Wilbur Noble and Bill Suhring.

At the issuance of the first report card, we had the second highest number on the honor roll. At the semester, we had the highest number. All in all, we've had a good year. Never let it be said that we freshies were laggards.

★ Here are five reasons for this year's superb football record: George Dekan, Keith Clark, Earl Almdale, Erwin Soukup, and Jay Stream, Tiger Linemen.

★★ "Pete," "Maggie," Yarbrough, and "Squirt" watch Coach Horsley tell how to win the Little Seven Conference.

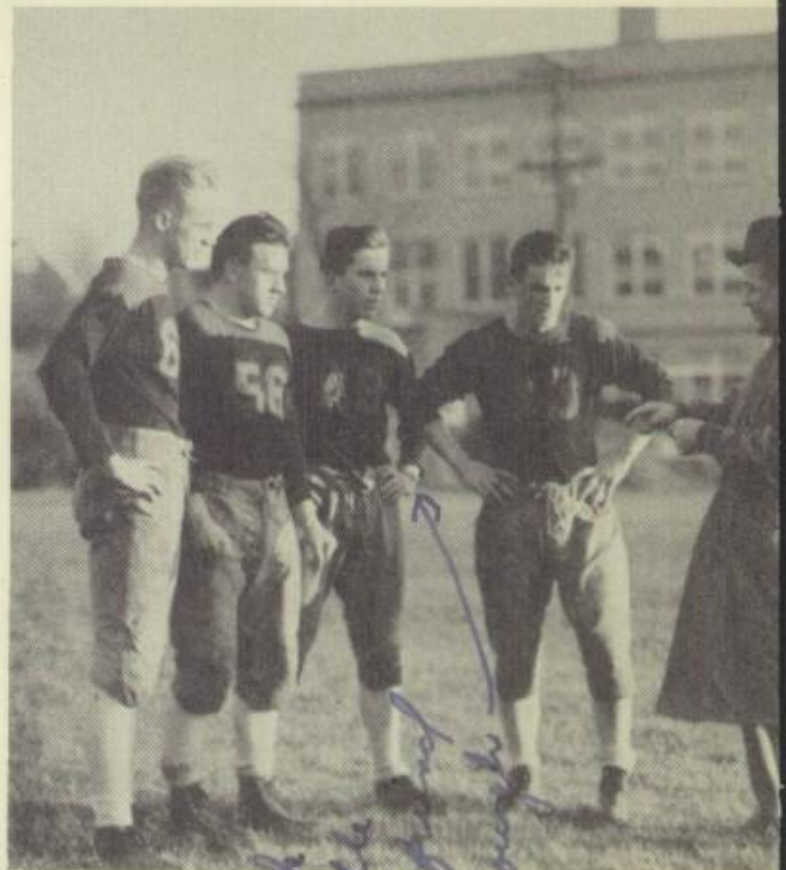

Champs of the Little

This is our cue to flash the spotlight on two deserving characters, Coaches Horsley and Hodges. Bob Horsley, a sporty little fellow who played real football at Illinois, came to Wheaton with an entirely different technique. He spent only one season teaching it to the boys, and for the past two years he has had undefeated conference champs.

Coach Hodges is the man who develops lightweight football talent. The heavyweight team depends upon him for a constant supply of new, well seasoned material. Although Coach Hodges plays a second role in promoting athletics, his dependable track stars have brought back numerous trophies to add to Wheaton High's laurels.

★★★ This is a sample of the material we use in our championship team: Herb Parsons, Bill Laechelt, Bill Pelling, Don McAleese, and Tom Leary.

★ ● Back Row — Reeder (manager), Pyne, McQuiston, Durfee, Heaton, Durant, Noble, Chesbro, Sauer, Jackson.
 . . . ● Center Row — Oregon, Wehling, Barry, Almdale, Bidgood, Parsons, Beardsley, Leary, Whitaker, Laechelt.
 . . . ● Front Row — Pelling, Soukup, Clark, Dekan, W. Burghardt, Stream, G. Burghardt, (co-captains) Mignin, Yarbrough, McAleese, Coach Horsley.

It's about time someone says somethin' for the ponies. They may have lost every game, but every one of their defeats was honorable. You never saw such fight and such spirit even though they were outweighed by every team they played. Melvin Grant, "Put" Grant, Bob Bassett, Dave Northrop, and Dick Paver showed up especially well. One of the most surprising performances of the season was put in by the very lightweight Albert Gauger. He seemed to possess energy, ability, and stamina to make up for the whole team.

"Squirt" Burghardt ran wild on Grange field last P. M. (Sept. 23) as W.C.H.S. opened defense of the

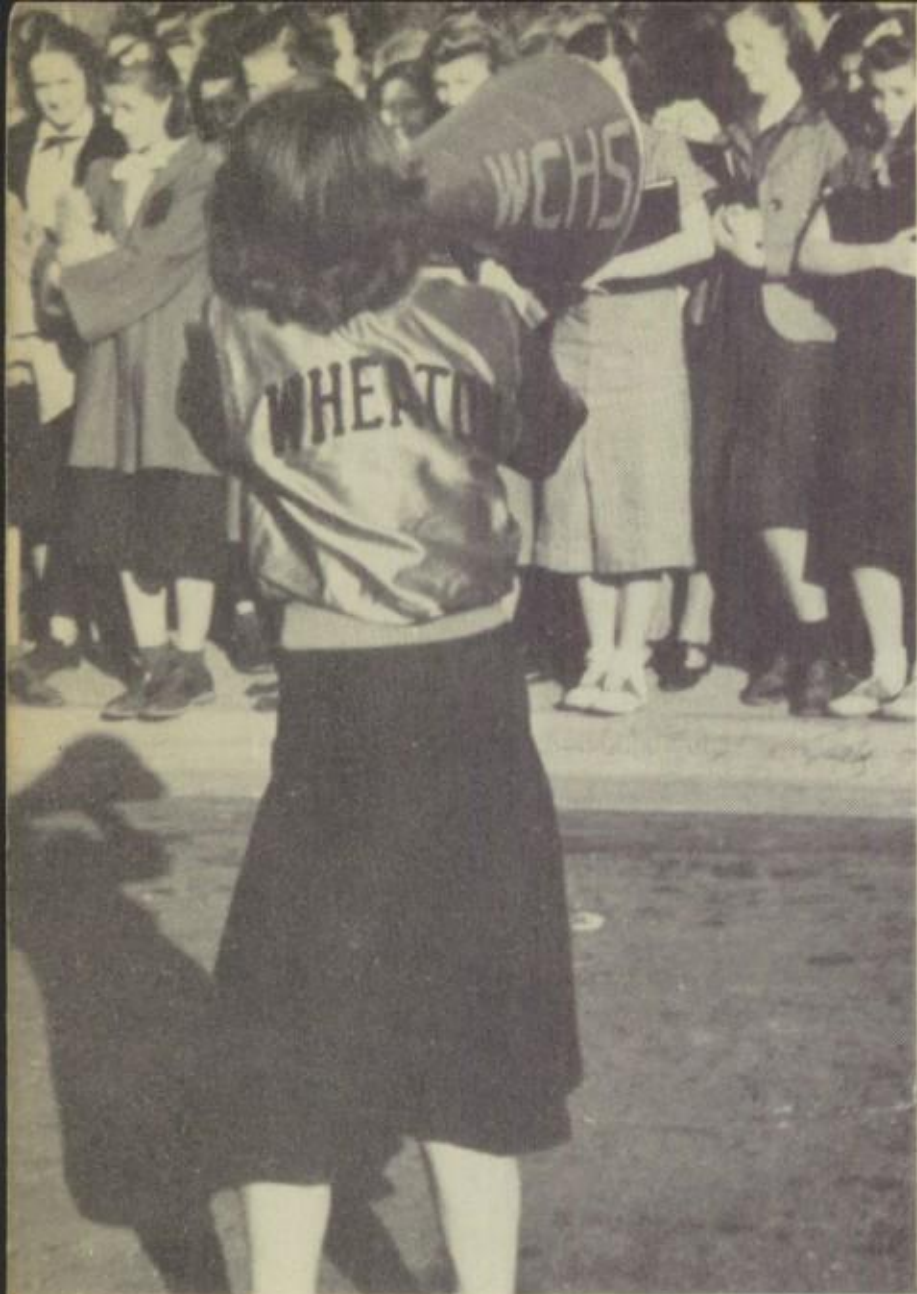

Little Seven football conference with a 19-7 victory over Naperville. Intercepted passes and fumbles figured in the game, and good playing was predominant on the part of the Wheaton line.

Bingo! There goes our third consecutive conference game, 31-0. (Buck up, Sycamore.) But you should have seen "Squirt." In the first quarter he tore from our 29-yard line to their half-yard line where "Mag" received the pass and put it over. Then "Squirt" let loose again and ran 40 yards, passing to McAleese, who caught the ball for a touchdown. Same old story in the third quarter—"Squirt" ran for another touchdown. Nice goin', lads.

★★ ● Back Row — Roath, Belmonte, Vear, Kroning, Straw, Jordan, Westley. . . .
 ● Center Row — Carpenter, Overby, Law, Gilbert, Rademacher, Chaney, Coats, Ward, Coach Hodges. . . . ● Front Row — Bassett, Paver, Mignin, Gunderson, M. Grant, Hodges, Gauger, Schatz, Northrop, W. Grant, Clark.

★ Hmm! Wish she'd turn around. Oh well, what if she doesn't? We know she "Couldn't Be Cuter." It's Marie Herran, number one cheerleader. ★★Isn't he cute, girls? Well, let me tell you he's just as good a cheerleader as he is good looking. This one is none other than Winkie Stevens. ★★★Here's a triple feature. Our three inimitable cheerleaders: Winkie (on the ground), Marie, and Alan Soukup, the man who does the acrobatics.

Heard on the football field: "Let's have a hipsoo. Nice work! What a pass! Hold that line! We've got a school; we've got a yell; we've got a team—and how!

Wheaton has remained undefeated for two years, and maybe you think we're not proud of it. If you do, you're a bit wacky. Never before has a team shown such clean playing and sportsmanship. The students and residents alike have turned out in full regalia to back them to the hilt.

"Squirt," "Maggie," Stream, Dekan—no that isn't right either. Everyone on the team was outstanding because he did his part well. The Burghardts, however, did burn up the old field. Our boys won a few laurels for themselves, too. "Mag" made the official third all-state team, and "Squirt" and Jay Stream received honorable mention.

The championship game with Geneva was a see-saw feud, but Wheaton didn't take the final tumble. First we downed a safety and a touchdown; then Geneva came up to top us with two touchdowns and an extra point. The score remained the same during the third quarter. Geneva fans went wild, but Wheaton rooters moped. Our chance finally came in the fourth quarter when "Maggie" slipped a lateral to "Squirt," who streaked across the line for a touchdown. In a few minutes the match ended, and Wheaton Tigers had something to purr about—another conference title.

SCHOOL DAYS

O Latin class is such a bore,
 And algebra seems quite a chore,
 My English is a class in rhyme,
 While history's men just take up time.

Iq study hall I sit and sleep,
 And ne'er in glee club sing a peep,
 But gym class is the thing I dread,
 'Cause I can't stand upon my head.

In home room drear the minutes crawl,
 My eyes see naught but barren wall,
 While nerves are slowly breaking down,
 I try to spell a stubborn noun.
 In all these subjects I'm no punch,
 The class I like the best is lunch.

Helen Townsend, '39.

★ Here's a pep meeting for you. It's the only open air jamboree we've had this year. The band started it by parading through the halls. Everybody tagged along after and blasted forth his cheers under the sunny sky.

The majority of our football games take place in the evening as they seem to be the most popular with the students. It is really quite a thrilling sight with the brilliant lights lighting up Grange Field as if it were a stage with the battling teams, cheering fans, and the band in their orange and black uniforms.

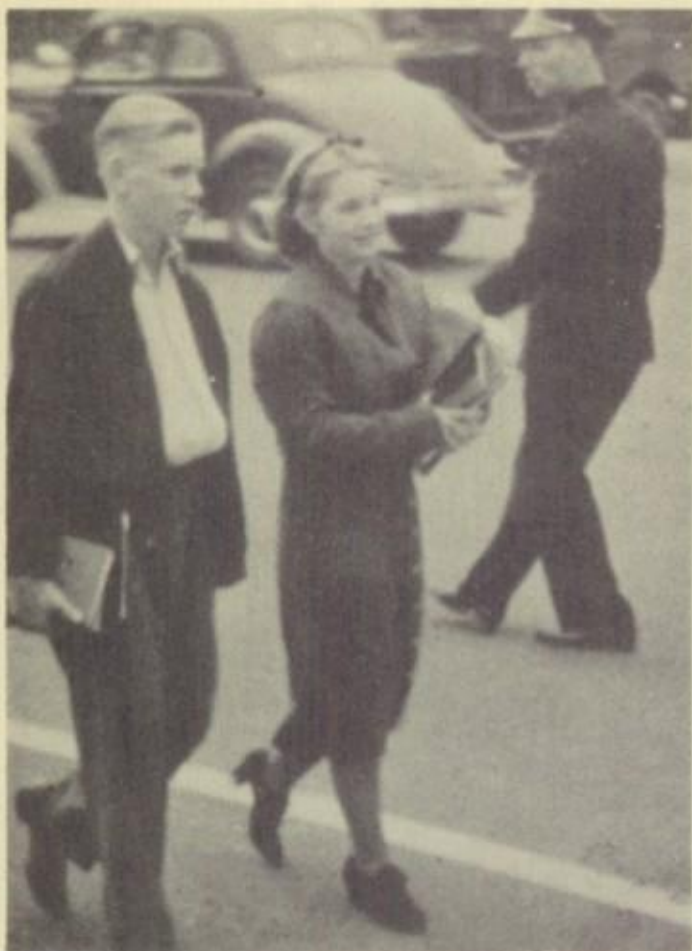

★★ Wheaton High's three excitable little cheerleaders, Marie Herran, Winkie Stevens, and Alan Soukup, have done much to keep the motley crowd behind the team. Most noteworthy contribution to W.C.H.S.'s cheering technique was the introduction of trucking by the inimitable Marie. Joan Davis (not the one from the Paramount studio) and Pat Schultz, popular subs, often helped the regulars.

The baton given Miss Moffatt, leader of the first orchestra of Wheaton High, has been presented to us in memory of her. The relic dates from 1897.

The band presented another of its snappy concerts Dec. 20. Besides giving a faultless performance, the members staged a mutiny against Mr. Boyden. The soloists of the evening were Bob Loveless, Kenny Hepler, Kenny Witt, and Ira Westley. Lyman Anson and Bob Loveless made a special hit with their original arrangement of "Blue Skies."

★

★Ah, young love! Alberta and Dick stroll home-ward. Dick doesn't usually need Chief Burkholder along to protect his girl, but there's no use taking chances with a laid-up appendage.

★★ Co-captain George Burghardt backs up to toss the pigskin. "Maggie" received All-State and All-Conference honors at fullback. He also received recognition on the All-Chicago area team.

While ambling along the corridors one is often amazed by the queer apparel some people get up the nerve to wear. Jitter-jackets, eighteen-inch hair ribbons, and pajama tops are a few of the prevalent crazes. Shades of the big apple! You can't even look at the floor without being scared to death by shoes covered with slang expressions. Ah well!

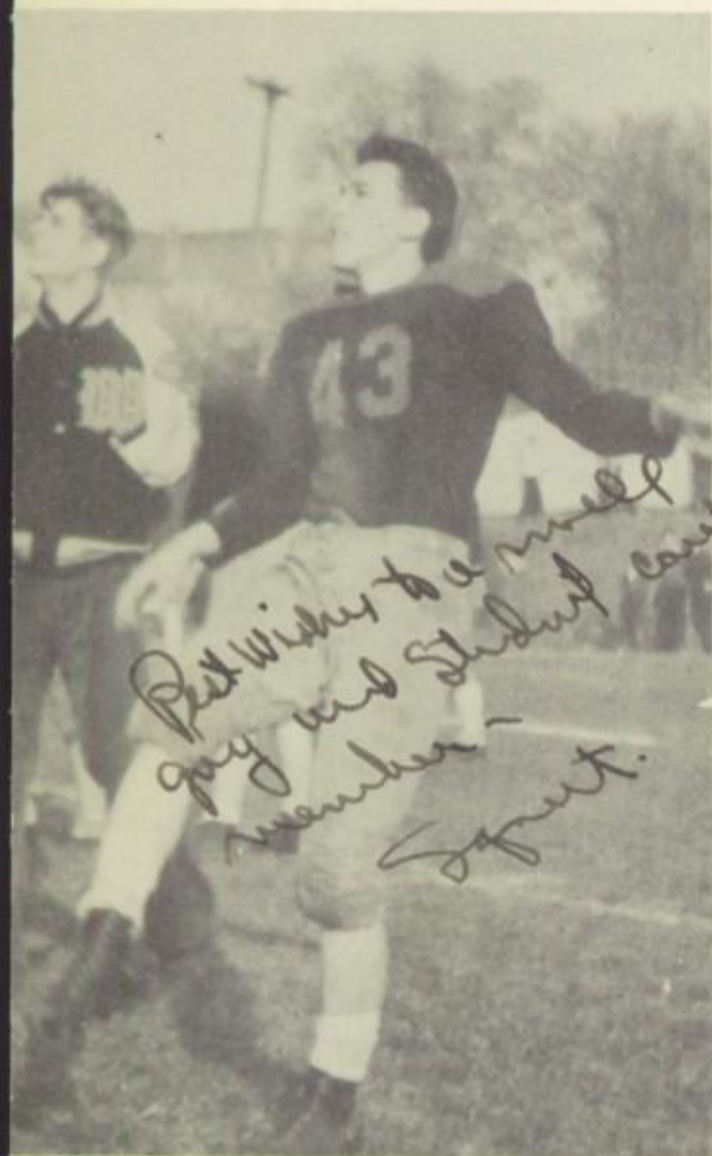

★★★ The noise-makers of W.C.H.S. get together on the football field to practice their drill formations. Don't look now, Thelma, but you dropped something.

★★★★

★ What a band! Such an exclamation is common in W.C.H.S. The band, very ably directed by Mr. Ralph Boyden, plays at all our pep rallies and games. Much praise belongs to them for their spirit of cooperation at the games. Their fine playing has captured many contest honors for Wheaton. Betty Stafford is the chief drum major. The picture on the right shows Betty leading the band at the big downtown pep rally that preceded the Wheaton-Glenbard football game. Notice the snappy uniforms they are sporting. The band also participates in the parades sponsored by the city.

Who said history doesn't repeat itself? On Sept. 25, 1931, Wheaton and Glenbard battled to a scoreless tie at Grange Field. On Sept. 16, 1938, the same thing happened. A record crowd of 6,000 watched the 1938 fray, which was a thriller from start to finish. After losing the first game of the season to Downers, we felt the need of a little "upholstering."

Another victory for those obedient Wheaton Tigers! Saturday aft (Oct. 1) we beat West Chicago 26-6. Most of the yardage was gained through the splendid passing and long end runs of "Maggie" Burghardt. During the game the second string players were initiated to '38 football. The three acting captains were: Bill Burghardt, Jay Stream, and Erwin Soukup.

Amid the chilly winds of a cold October day, the Wheaton eleven plowed through the St. Charles team with the score of 19-0. This was their twelfth consecutive conference win. Keith Clark and "Mag" were responsible for the touchdowns.

★★ Bill Burghardt warms up while Erwin Soukup watches. Soukup missed playing this game because of an injury to his arm. Both boys stole All-Conference honors, while Bill's football ability also earned honorable mention on the All-State eleven.

★★★ Acting captain Judd Vear gets his instructions at the Dundee game. Although the lights didn't win any games, they should be given credit for their excellent ball playing in spite of their weight handicaps.

"Boy was it good!" Those were the words of our football heroes after their victory banquet. Mr. Monson and Mr. Burger (Oh you kids!) did the cutting up (and not on the turkey). From the calendar:

A post-season game with Hyde Park ended the 1938 grid season for the Tigers. The Chicago visitors tried a nifty passing attack, but "Maggie's" plunges and "Squirt's" smashes gave Horsley's men an 18-6 victory. (Then afterwards there were a few more smashes which closed the season with a punch.)

Sunday afternoon, Dec. 4, the Gideon Society presented Bibles to the faculty of the Wheaton High School in a splendid program on which appeared many outstanding members of our community. The band conducted by Mr. Boyden, the girls' glee club under the direction of Miss Dirks, and a special speaking choir directed by Thelma Farnham added entertainment to the program.

★ These lines about our co-captain Jay Stream were taken from the Chicago Daily News: "Stream, rugged as they make them, invariably showed best when the going was toughest, and his best was mighty close to college caliber."

Miss Pat Duffield, our charming office gal, has become Mrs. H. W. Grote. The bride and bridegroom are both products of W. C. H. S.

For about the first month or two Mr. Monson fixed it so that you couldn't turn around without being reminded to buy an activities ticket.

Did you hear a scream in the cafeteria? Virginia Youle found a live worm NESTLED in her candy bar. Eek!

★★ The bell rings—lunch! At ease! The soldiers of study relax, and you should hear the commotion we make. After lunch a little exercise in the out of doors renews our spirits and enables us to continue the struggle.

★★★ Ira Wesley, Chuck St. Clair, Kenny Hepler, Art Webber, and Jeannette Mittelhauser were caught by our cameraman during a period of attentive inactivity in their practice of letter formation on the football field.

★

★ Reading from left to right we have Belmonte; Roath, who seems a bit annoyed at being only partly there—whoops—we're sorry; Durante; Smith; and half of Howell; all out for a bit of relaxation after lunch.

President Gerry Dreis presided over the student conference installation given in assembly. The remaining time was given to music by the "four corn huskers."

G.R. and Hi-Y have new guiding lights this year: Charlotte Baker and Roy Clansky.

Candid shot: The senior boys arrive singing their favorite ditty, "Show Me the Way to Go Home."

I thought the teachers were educated, but I guess not. Mrs. Byrd Arnold Smith, child psychiatrist with two pretty dogs, spoke in faculty meeting, Oct. 25 on how maladjusted children can be made to adapt themselves to school life.

Hi-Y under the sponsorship of Mr. Vaughn is the largest boys' club in the studio. In fact it has had to be divided into two groups, one for freshmen and one for upperclassmen.

The officers of the older boys' club are president, Roy Clansky; vice president, Lyman Anson; treasurer, Warren McLaughlin; secretary, Kenneth Hepler; program chairman, Harvey Meyers; and social chairman, Warren McLaughlin. Officers of the freshman club are: president, Alan Conley; vice president, James Barry; treasurer, Phil Durant; secretary, Jim Knippen.

Several of the boys attended the three-day Older Boys' Conference at Springfield whose theme was the development of personality. An entire meeting was given to further discussion of this subject. Their meetings include, beside discussions, movies and lectures on current problems, vocations and other topics of interest to them.

★★ For Gene Meyers the day's work has begun, but will it ever begin for Neil Helfrich?

Flags fluttered, and the girls froze at G.A.A.'s outdoor Olympic meet.

That fascinating new minister gave the Thanksgiving address. Believe us! We liked Mr. Stewart on sight and hope he will return soon.

Miss Montgomerie (Aunt Agnes) has been holding out on us. She leads a double life; she's an actress. The lady played the love lead in "Spring of the Year" at the Drama Club meeting.

Today the voting public gave its approval of the annex which has been planned for W.C.H.S. We hope we'll get it sometime.

Script Club condescends to let in four new members to keep President Virginia Youle company.

★★★ Who's taking whose picture, or isn't that a camera? ("Such stupidity," quoth Mr. Burger.) Anyway, Mignin and Pelling don't seem to want us around, so tally ho! I see "Pete" still hasn't wiped off the scowl he displayed on page 64 of the 1937 Wecomi.

"Here's Who in High School," called Joyce Tucker's hair "scraggly." I don't believe it.

★ Marie, our li'l junior belle, seems to be studying hard.

Oct. 17—Ho hum, go away! The teachers won't be here today. They're off to a convention somewhere, I guess.

Mademoiselle Maranville entertained the assembled student body with an account of her trip abroad. She saw all the sights: Sonja Henie, Ambassador Kennedy, the crown jewels, Westminster Abbey, etc., etc.; but she couldn't find a single weed or fly. (My goodness, such a disappointment!) The senior girls, done up in hairbows looked on with great interest. Remember Carol's? She got it off a funeral basket.

Nov. 11—Alan Soukup (Bless his heart) was the only high school student to march in the Armistice Day parade.

Eight sophomores break down Fortune Guild's exclusive barriers, and Mr. Keys cuts the club's membership to forty-five.

Dec. 16—Esther Stevens cops first prize in the International Quill and Scroll feature contest. Congratulations, Esther.

★★ Is that a pencil or a lollypop, Esther? Must be a pencil 'cause you're in the library. Why the funny face then?

Sept. 9—Wheaton and Glenbard clash at the Downers game. (Dave Northrop vs. Glenbard man in bare knuckle tussle.)

Kay Kyser (Erwin Soukup to you) swings out for all the li'l jitterbugs at the senior hop.

Oh, shux! The Cubs lost the world series, according to Mr. Burger's faithful score board in the upper hall. Too bad, Smokey!

Oct. 7—The extras sure tossed a classy party for the juveniles. Someone even came in a tux. Hideho!

Bob Darrow was the only person to enter the Broadcast's "gigantic" swing contest.

Betty Stafford and troops sure can strut their stuff in grand style under the field lights.

Sad eyed Eor (Miss Felgar) was made a bit happier by the birthday party given her by the Script Club.

CAMERA SCOOP OF THE YEAR

Dave Northrop Caught Studying
(This was in November.)

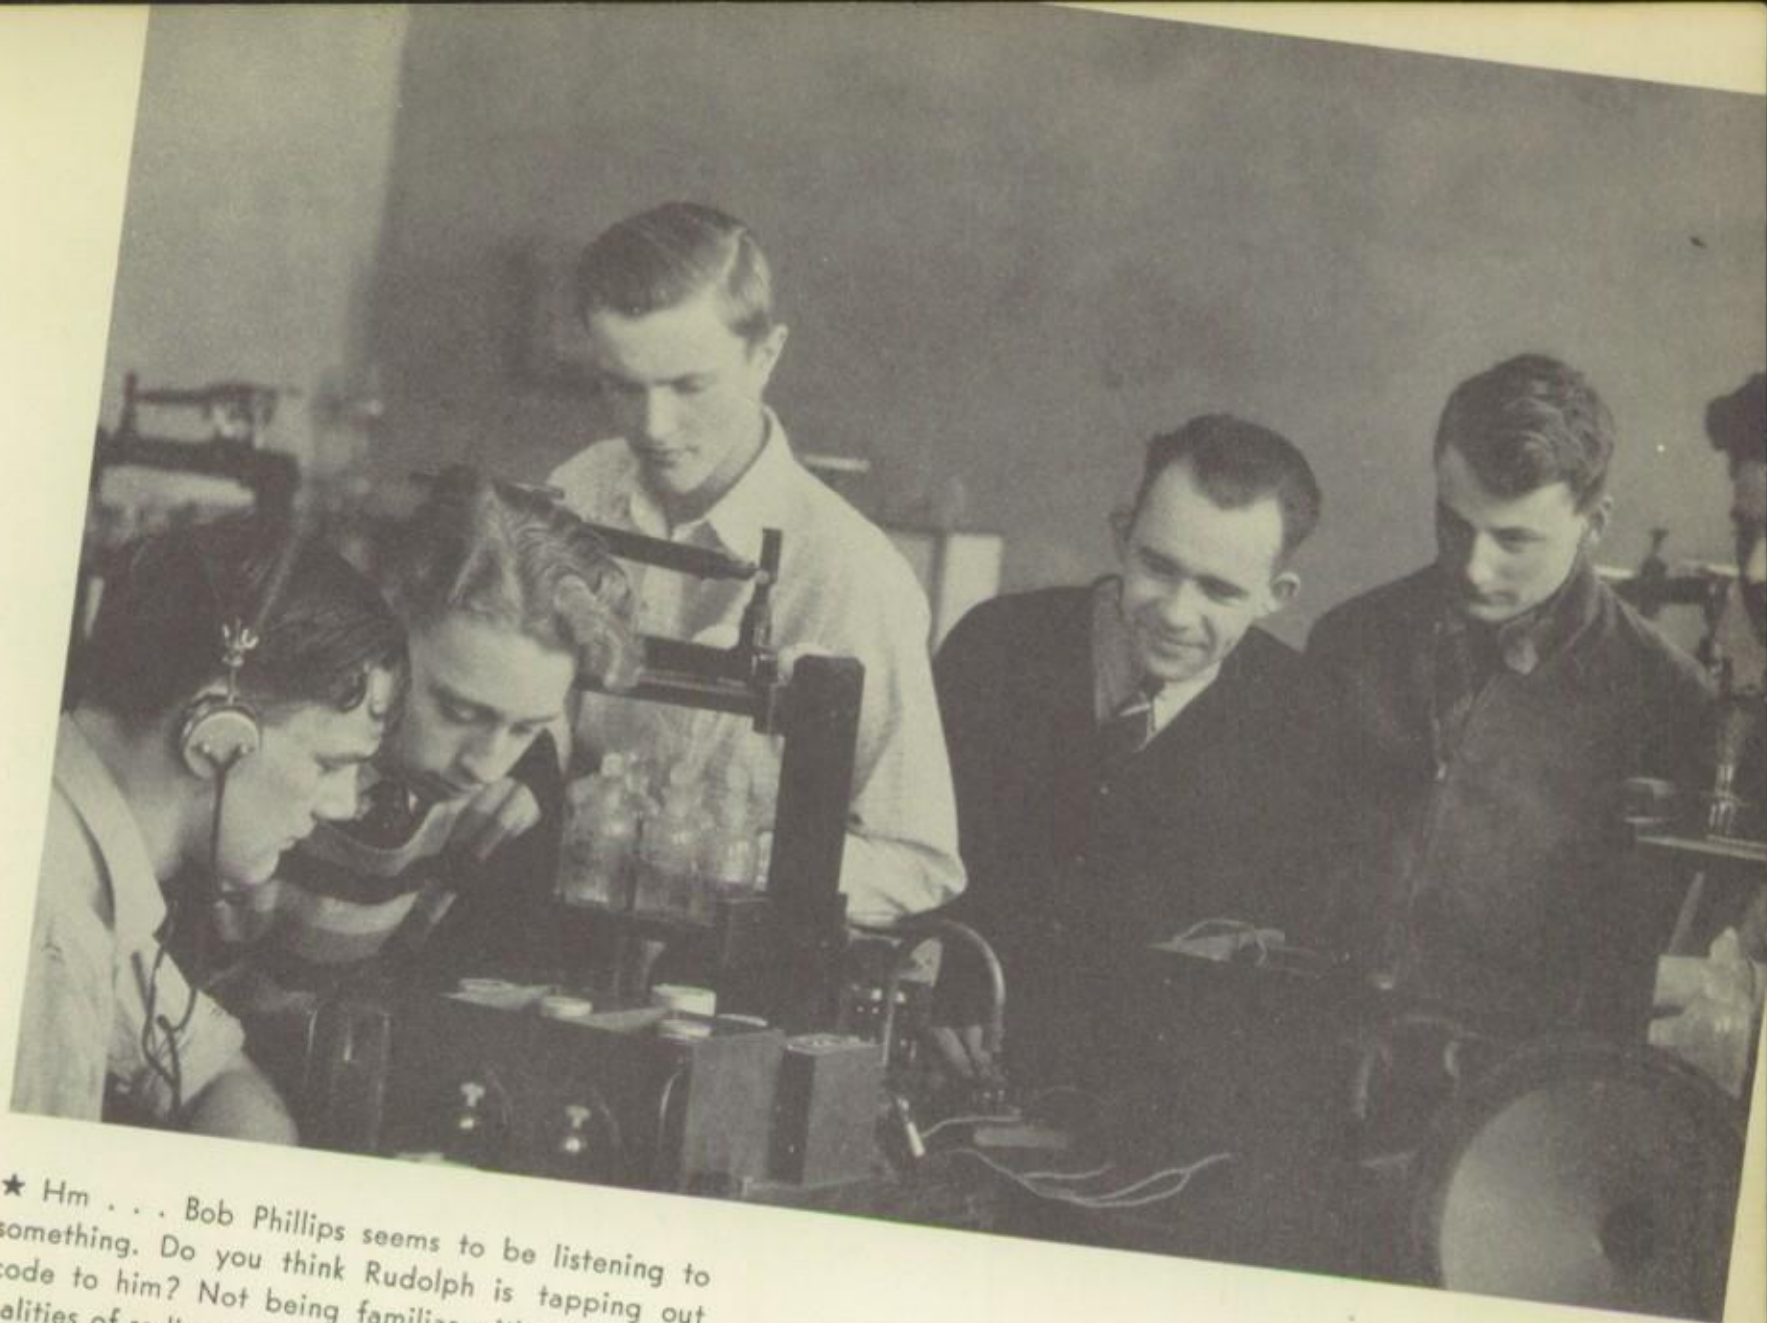

★ The Script Club in its regular meeting: Alexander Beetle, Jonathan Mosquito, Henry Pootel, Eeyore, Piglet, and Pot of Honey, alias Euphie Scott, Virginia Youle, Eugenia Nies, Miss Felgar, Esther Stevens, and Erwin Soukup. Other Members in Good Standing are Carolyn Wolfe, Lyman Anson, Robert Barton, and Harry Sell. All are Genuine Admirers of Pooh except Carolyn.

★★ The boys' glee club at rehearsal; left to right: B. Suhring, D. Oliver, B. Wilder, W. Carlson, R. Law, F. Minor, R. Armstrong, D. Lund, C. Gustavson, J. Wenzel, D. Howell, D. Durfee, and Miss Dirks at the piano. This group has added much to our musical programs. Their selections on the Christmas program and at the spring concert show their splendid work.

★

★ Hm . . . Bob Phillips seems to be listening to something. Do you think Rudolph is tapping out code to him? Not being familiar with the technicalities of radio we couldn't describe the instruments pictured here, but the one on the left with the dials is a receiving set which the boys assembled themselves. They also construct amplifiers and transmitters.

★★ We crept in upon a French Club meeting and found them discussing French holidays and customs. French phrases thrown in here and there left us behind, but the members all seemed to understand and enjoy it. Other topics of interest are the history, literature, and sports of the country. Many of the members also correspond with French students, thereby learning new facts about the country.

★★★

Stunt Men

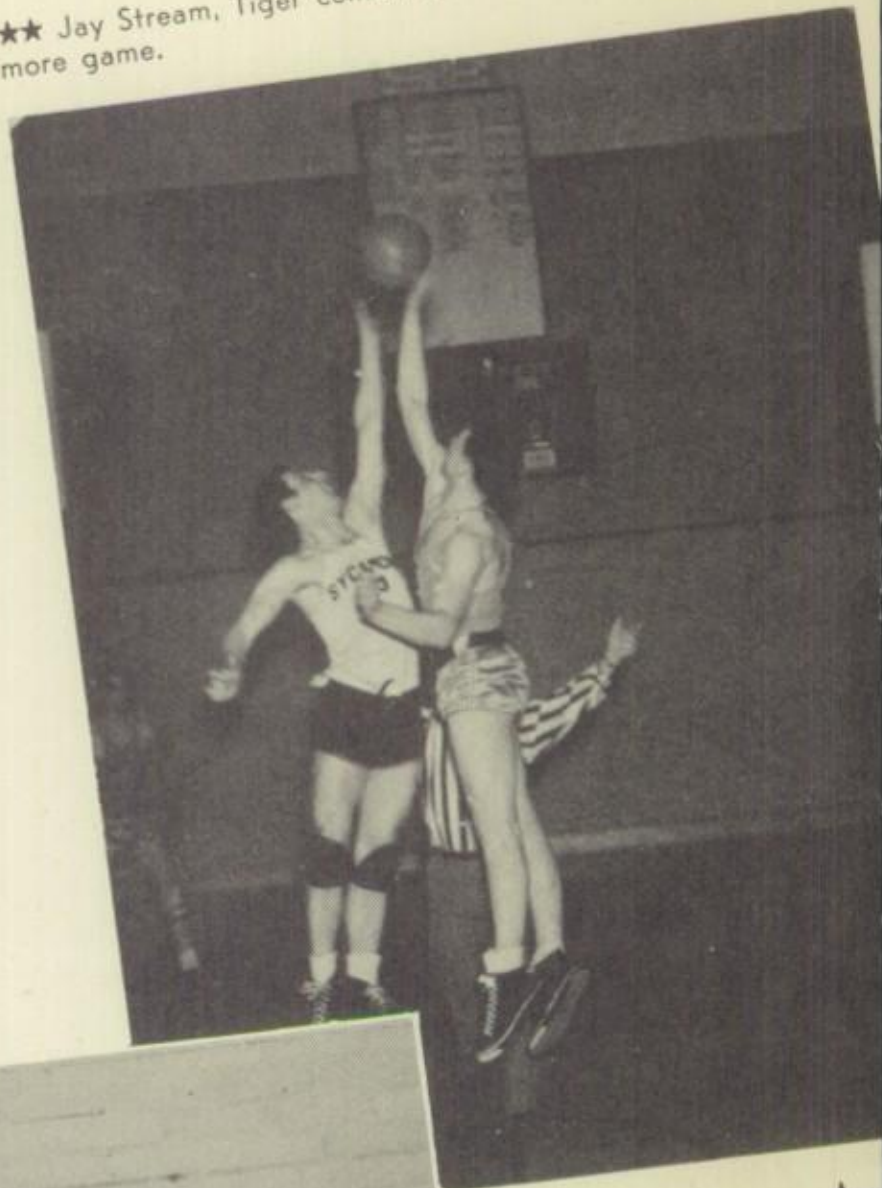

The varsity team this year at the middle of the season were "way up thar," but illness and "sech like" caught up with them. So, after forfeiting their last game, they dropped to fourth place. It may have disappointed the boys, but as far as we're concerned (though we would have liked to see them come out in first place) we know they did their best. In our opinion, they're still tops.

All of the boys did marvelous work on the floor, and with Coach Horsley introducing zone defense, we found that the crowd jumped around and got more into the spirit of things than they ever did before.

Clint Yarbrough was good anywhere; "Squirt" Burghardt went in for brilliant plays; and Jay Stream showed off his skill on rebound shots.

★ Varsity squad — Back row: Gary (manager), Yarbrough, Chesbro, Norrell, Bidgood, Fisher, Coach Horsley. Front row: G. Burghardt, Clark, W. Burghardt (captain), Stream, Uhlrich.

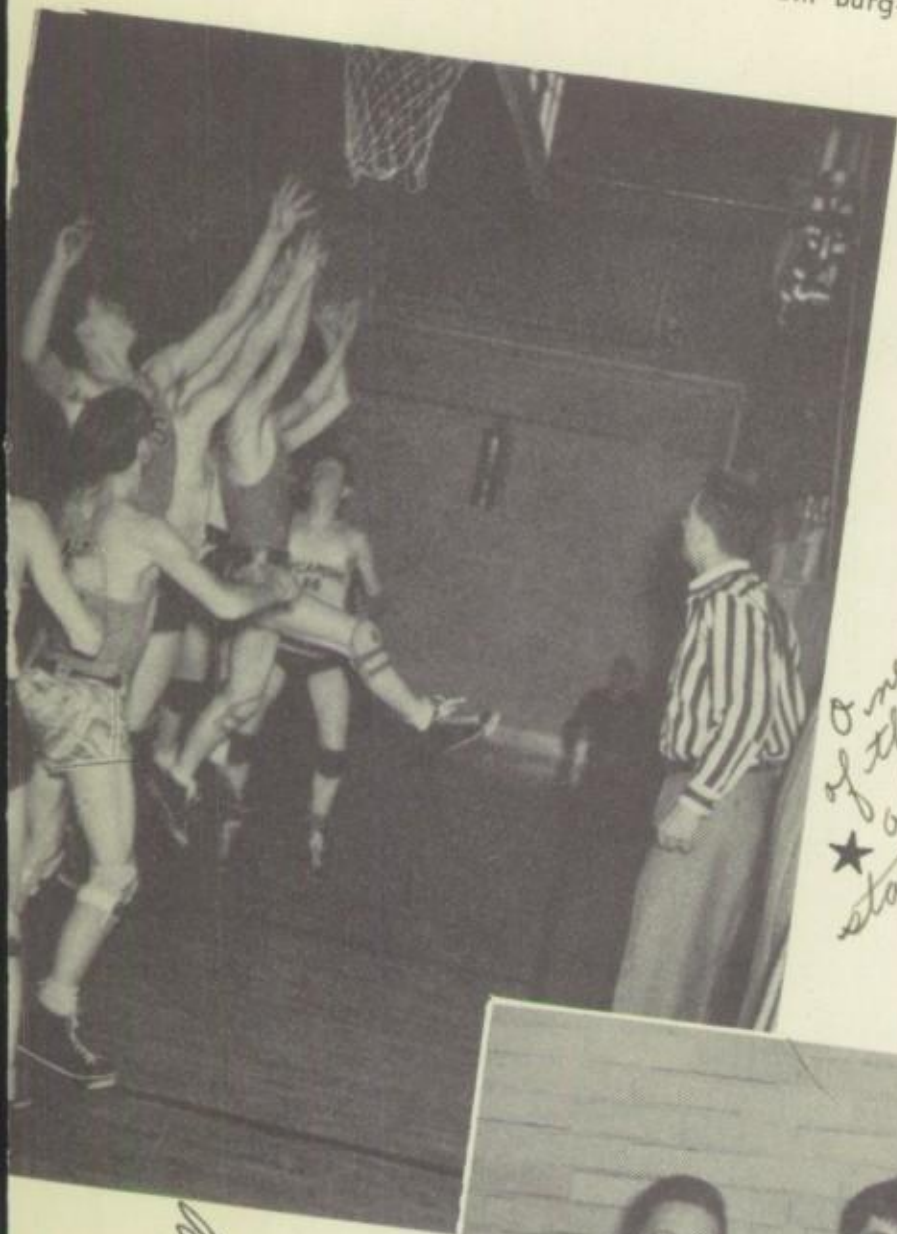

★★ Jay Stream, Tiger center, goes up after one in the Syca more game.

Seen at the Troc

The heavies defeated Batavia, 28-26, in a spectacular game Jan. 7. The Tigers led by "Squirt" Burghardt and Keith Clark gained an early start and kept ahead till the fourth quarter when Batavia began to catch up. But two baskets by Burghardt in the final minutes saved us the game. "Squirt" was the leading scorer with 12 points.

Six G.A.A. girls attended a basketball playday at East Aurora Jan. 21. Helen Townsend was captain of the winning team.

Speed was second nature to "Squirt" and "Maggie" Burghardt and Keith Clark in the Geneva game when we defeated them 43-21. Our defense in the last half was the best that has been seen this year. The lightweights broke their losing streak by leading with a score of 31-23. Fisher was the high scorer.

The jinx of Friday 13 worked against us at the St. Charles game. The Saints had a seven-point lead before we scored. Though the boys took a lot of shots at the basket, few connected. There were more fouls in this game than any other this year. "Squirt" Burghardt was the highest scorer. The lights lost 28-18. Noble was high point man for Wheaton with 7 points.

The Tiger track team opened its '39 season with a win snatched from East Aurora, 55-44.

Around the last of January townspeople probably noticed furtive figures skulking around the doughboy statue in Memorial Park. Nothing to be alarmed at—merely the Camera Club out to get contest pictures. Bruce Smith was the winner. Frank Purrington won a second contest with trains as the subject.

Well, well, well, methinks we have a basketball team. In Russel Gymnasium our boys redeemed themselves when they ran roughshod over Naperville's Redskins. Score: 29-21. Stream is the boy who comes up with the ball; his rebounding is clicking—and how! Wonder why "Squirt" proved himself a wonderful basketball player too? Could it be that cute little blonde in the Pep Club? (Say, by the way, who let the cage open? We see in the **Broadcast** that the Tigers are "loose." Lyman Anson was probably trying to say that the lights lost.)

Congratulations, **Broadcast**, on your April first issue. It was an epic in tomfoolery, no less.

West Chicago took a double beating from Wheaton's basketballers Dec. 17. Bill Burghardt and Keith Clark were high point men. The lights snatched a last half-minute victory (14-13) when Bob Bassett dropped three free throws in the last 28 seconds of the game. Whew!

Our Christmas program came in halves this year. The first part was a full half hour of fine music given in Wednesday's assembly by the orchestra and glee clubs. David Oliver won the spotlight by singing the long solo part of "O Holy Night." The second half was a dramatization of Dickens' "A Christmas Carol." Tom Davis with his **humbugs** and **bahs** made an excellent stingy Scrooge.

Three cheers for the lucky lights! With practically no trouble at all they licked Glenbard 20-19. Uhlrich and Fisher led the attack, while Noble scored the winning basket. And oh yes—the heavies lost (18-12).

At one of the most successful homecoming dances ever held alumni and students enjoyed seeing old faces and dancing new steps to the music of Al Howell's orchestra. Erwin Soukup, master of ceremonies, even invented a poem to welcome back everybody.

Well-meant resolutions have been made by many of the students and faculty, but nobody said anything about keeping them.

★ Fairer sex brave football banquet. Cheerleader Marie Herran, A.B.C. Secretary Carol Reiman, Mrs. McCarty, Miss Prendergast, and G.A.A. President Janet Wood make up the minority. Everybody's proud of you, boys. You deserved a turkey dinner.

The high school played Santa Claus to about 125 little children Dec. 21. Games, toys, and eats gave the kids a lot of fun. The whole school boosted the party, but the home economics and manual training departments worked especially hard.

Carol Reiman was chosen for D.A.R. honors by senior girls and advisers.

Front row—Idle, Ward, Keyes, Schatz, Grant, Horst, Powell.

The above gentlemen comprise the building trades group, which is a new activity in high school. These boys built a garage in Warrenville this fall as a part of their regular school work.

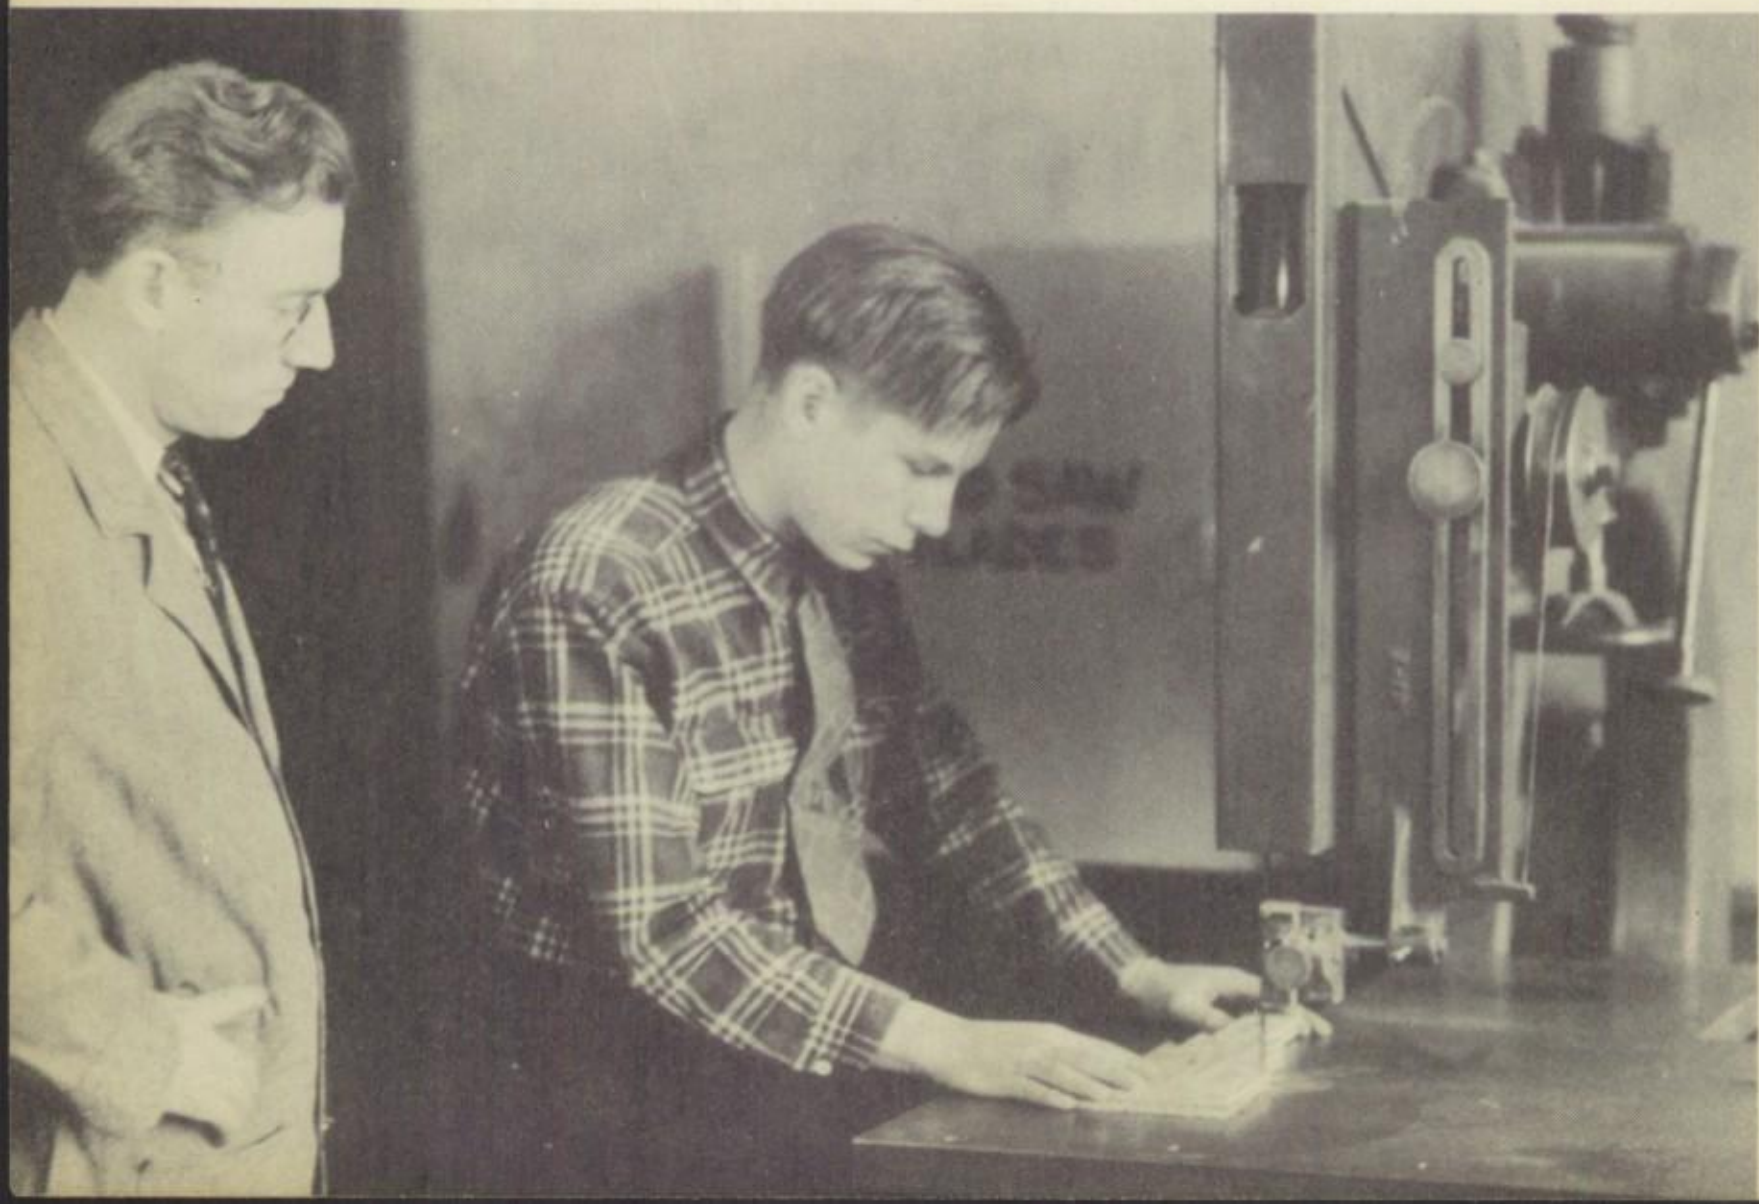

Calendar items: Fighting hard our heavies ended up on the wrong end of a 37-22 score at the Batavia game, while our lights walked all over their opponents, 24-19.

Old Man Flu did all he could to disrupt school. He disabled 115 pupils, but the teachers paid no attention. It's just impossible to slip in an extra vacation.

Don't mention Dundee to any basketball player. The final score was too painful: Dundee 72; Wheaton—does it matter?

Pin a blue ribbon on Marion Storck. When her debate colleague failed to show up for an assembly exhibition, she gave two lengthy emergency speeches on the spur of the moment.

ART CLUB . . . The Art Club this year consisted of two clubs, senior and freshman, with Miss Houts, our art teacher, acting as sponsor for both. The officers of the senior club are Winkie Stevens, president; Catherine Amari, vice-president; and Marjorie Engstrom, secretary-treasurer. Several marionette shows were presented during the course of the year, and both clubs jointly planned the unusual decorations for the Mardi Gras party. For the convenience of the freshmen who were artistically inclined, a Freshman Art Club was organized in W. C. H. S. The officers of the freshman club are president, Betty Wagemann; vice-president, Frances Minor; and secretary-treasurer, Carol Clark. Of course the meetings are taken up with art. The freshmen have quite a few good artists in their midst, who have been busy making pep pins, Dopeys, and Ferdinands. . . . **ATHLETIC BOARD OF CONTROL . . .**

The A.B.C. consists of ten members, five faculty advisers and five students. Its purpose is to promote and direct athletics among the members of the school. This year the board was made up of Mr. Roberts; Coach Horsley; Coach Hodges; Miss Prendergast; Mr. Wallace, treasurer; Erwin Soukup, president; Dale McQuiston, vice-president; Carol Reiman, secretary; Janet Wood; and Dick Reeder. . . . **BROADCAST . . .**

The W. C. H. S. Broadcast is the school's newspaper published weekly in the Wheaton **Daily Journal**. The paper, with a staff of members including feature writers, reporters, and typists, is edited by Esther Stevens. She is ably assisted by Lyman Anson. Miss Montgomerie, our librarian, is the Broadcast's adviser. . . . **COMMERCE CLUB . . .**

Mr. Sandholm sponsors all three divisions of this club: (1) advertising, Robert Armstrong, chairman; (2) tours, Dorothy Kuhn, chairman; and (3) program, Bob Bauler and Bernice Carlson, chairmen. The whole school depends upon the advertising department, which keeps the public informed about W. C. H. S. activities. Frequent tours through manufacturing plants, etc., add variety to the Commerce Club's interesting program. . . . **DEBATE CLUB . . .**

The Debate Club has as its sponsor Mr. John Keys. There are no officers as the club spends all of its time debating or working up debates. The eight members set forth as their purpose: developing the ability to speak easily and correctly in public. Their big debate question, the national high school question, is "Resolved: That the United States should establish an alliance with Great Britain." They have debated with many of the schools in and around Wheaton and in several tournaments this year. . . . **FORTUNE GUILD . . .**

This club's sponsor, Mr. Keys, has done much toward bettering the Fortune Guild as a club for the purpose of studying dramatics. The officers are: president, Carol Reiman; vice-president, Bob Loveless; secretary, Dora Cox; and treasurer, Harvey Meyers. Erwin Soukup turned in the best performances of the year in the leading roles of the two outstanding plays presented: **Death in Death**

Takes a Holiday and James Dyke in **The Valiant**. Other play successes this year have been **The Trysting Place**, **Good Medicine** and **Not Such a Goose**. . . . **FRENCH CLUB . . .**

The senior and freshman clubs are one and the same in purpose and projects. They meet on different days, however. Senior officers are: president, Virginia Tucker; vice-president, Lenore McLean; secretary, Donald McLean; treasurer, Joyce Tucker. Freshman officers are: president, Coleman Chaney; vice-president, Betty Massman. The purpose of these clubs is to promote conversational French and to learn more about the literature, customs, and people of France. This year their main projects have been correspondence carried on between students here and boys and girls in France, a series of meetings dealing with French history, and a puppet stage and puppets. The F.A.L.S. party is the main event of the year for the French Clubs. Their leader and sponsor in this work is Miss Maranville. . . . **G.A.A. . . .**

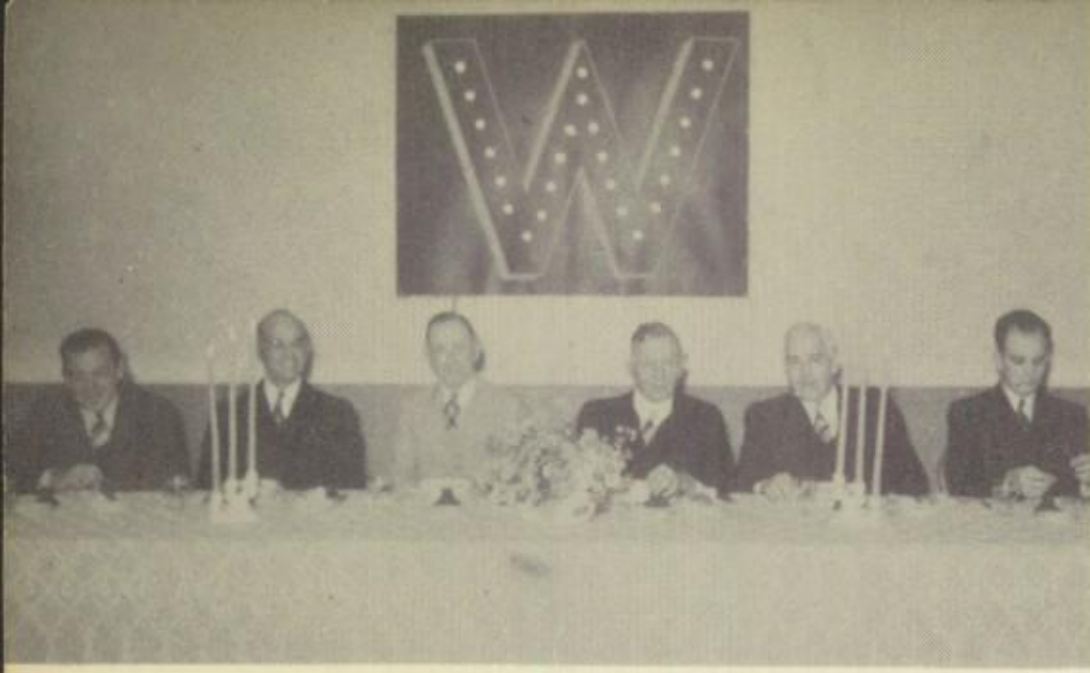

The Girls' Athletic Association promotes interest in girls' physical education. During the year they accomplish their objectives in sports such as soccer, basketball, volleyball, baseball, archery, badminton, and ping pong. Under the capable leadership of Miss Prendergast the girls have worked exceptionally hard this year. Main events have been the initiation supper and the play day held in October. The officers are: president, Janet Wood; vice-president, Catherine Pearce; and secretary-treasurer, Betty Townsend. . . . **G.R. . . .**

This year the Girl Reserves was divided into two clubs, the senior and freshman. Freshman club officers are: Dorothy Guild, president; Jane Massman, vice-president and program chairman; Grace Kargaard, secretary; and Gloria Loerzel, treasurer. Although both clubs meet separately, the freshman club is more or less under the direction of the senior club, whose officers are Charlotte Baker, president; Bette Donnan, vice-president; Ruth Hughes, secretary; and Marion Storck, treasurer. Both clubs are sponsored by Miss Husted, assisted by Miss McCormick, senior; and Miss Cowen, freshman. They are governed by a cabinet composed of twenty-six members. The most important event of the year for the G.R. girls is Ring Supper, at which the girls who have done outstanding work in the club are awarded rings. This year nine seniors and three juniors received rings. They were: Barbara Beardsley, Doris Brown, Gerry Dreis, Phyllis Glidden, June Gunderson, Ruth Hughes, Mary Louise Long, Annette Olander, Carol Reiman, Marion Storck, Doris Streitberger, and Florence Taylor. . . . **HANDICRAFT CLUB . . .**

The Handicraft Club is sponsored by Miss Miner. It is a new organization this year. The officers are: president, Florence Taylor; vice-president, Barbara Beardsley; treasurer, Esther Modaff; and secretary, Margaret McJunkin. The girls devoted most of their time to learning how to use looms. They also earned money to pay for these looms. Other activities of the club are knitting, crocheting, embroidering, etc. The freshman branch of the club is called the Hobby Club.

HISTORY CLUB . . . The History Club is sponsored by Mr. Vaughn. Its officers are John Helfrich, president; William McVeigh, vice-president; Mary June Sauer, secretary; and Howard Duncan, treasurer. The purpose of the club is to promote an interest in history and current events. Round table discussions make the meetings very enjoyable. Current topics this year seemed to have been Hitler and baseball. This is one of the newer clubs in school, having started about three years ago. . . . **Hi-Y . . .** Hi-Y is divided into two groups, freshman and senior. Mr. Vaughn is the sponsor of both clubs. Officers of the senior club are president, Roy Clansky; vice-president, Lyman Anson; secretary, Kenny Hepler; treasurer and social chairman, Warren McLaughlin; program chairman, Harvey Meyers; and sergeant at arms, Walter Sauer. Officers of the freshman club are president, Alan Conley; vice-president, Jim Barry; treasurer, Phil Durant; secretary, Jim Knippen; and sergeant at arms, Bill Suhring. Each club is interested in boys' activities as well as problems of home, country, and the world. They discuss trips, listen to speakers, and enjoy interesting movies. . . . **GIRLS' HOBBY CLUB . . .** This is a subsidiary of the Girls' Handicraft Club and is sponsored by Miss Miner. The officers are president, Gene Slocum; vice-president, Barbara Engelman; treasurer, Laura Nicholson; and secretary, Marion Roos. The girls are interested in handwork such as knitting, crocheting, and weaving. Much has been accomplished in these hobbies, and those who knew nothing about them before are now making useful do-dads. Several of the advanced girls have knitted themselves sweaters. . . . **BOYS' HOBBY CLUB . . .** Mr. Wright and Mr. Sandholm are sponsors of this club, which is made up entirely of freshman boys who are interested in developing their hobbies. The officers of the club are president, Bill Suhring; vice-president, Richard Heaton; secretary, Jack Schatz; and treasurer, Richard Wehling. The club is divided into two sections, one in which the boys study and build model airplanes and one in which they have dealt with many hobbies: "snap-shooting," leather work, and sportsman's hobbies. . . . **LATIN CLUB . . .** Miss Chiles has her hands full sponsoring two active Latin clubs: one for the freshmen and another for the upperclassmen. This year's main events were the district Latin contest held at Wheaton and the Roman banquet, which is a perennial revival of the picturesque culture of ancient Rome. The mainstays of both clubs are the program chairmen, Elaine Carson and Cynthia Beardsley. The other officers are senior club . . . 1st consul, Gypsy Burton; 2nd consul, Ralph Lyman; quaestor, Mary Ann Hull; censors (assistants with freshman club), Bruce Smith and Emily Millett; freshman club . . . 1st consul, Carol Carlson; 2nd consul, Natalie Sweeney; quaestor, Carlton Wilder. . . . **NATURE CLUB . . .** The Nature Club is sponsored by Mr. Bussart. Officers are president, David Page; vice-president, Marlin Yates; secretary-treasurer, William Straw. This is another new club. During this year the members classified evergreens, studied deep sea life, and gave reports on things of interest in nature. Mr. Bussart says, "They're very disinterested in everything." They also planned a survey of living things. Several interesting hikes were taken so that the members might gaze upon the beauties of nature. . . . **ORATORY CLUB . . .** The Oratory Club

sponsored by Miss Scharnweber is one of our new clubs this year. James Youker is president; Bill Rogers, vice-president; and David Foster, secretary-treasurer. This club's objective is to study the famous orations and the techniques of their presentation. They will thereby benefit their own speaking ability. The reading of plays also holds an interest for the members of the club. . . . **SCIENCE CLUB . . .** The Science Club has two divisions, camera and radio, under the indirect sponsorship of Mr. Roberts and Mr. Burger. Active officers consist of a president, Bruce Smith; a vice-president, Bill Clark; and a secretary-treasurer, Franklin Pierce. Subchairmen are radio, Robert Phillips; and camera, Jim March. Camera Club work includes photographic contests, lectures, demonstrations of steps involved in developing, trips, and candid camera parties. Radio Club activities this year have been concerned with lectures, wireless apparatus, and general discussions. Members have been preparing to take the amateur radio code examination given by the government. In the spring the annual Science Club Open House was held. Displays of the year's work were exhibited, and demonstrations and talks were given by various members. . . . **SCRIPT CLUB . . .** Script Club has long had the reputation of being the school's most exclusive organization, but since only a small number of students are really interested in original composition, no serious objections ever arise. Its sponsor, Miss Felgar, is the club's leading attraction. Each year the best poetry and prose is printed in book form. Selections from the English classes also appear in this volume. Nine-tenths of the club fervently admire Winnie-the-Pooh, and each member has appropriated the name of some character in that favorite classic. Officers are Virginia Youle, president; Esther Stevens, vice-president; and Eugenia Nies, librarian. . . . **SHORTHAND CLUB . . .** Under the sponsorship of Miss Scharnweber this club carries on a program helpful to students intending to apply for secretarial positions. Only two officers supervise the operation of the club's activities: president, Dorothy Schimelfenig; and secretary-treasurer, Willie Mae Thomas. Members learn important facts about the personality, proper dress, and work of the stenographer. . . . **STUDENT CONFERENCE . . .** This is the student governing body, and under the guidance of Mr. Monson it has accomplished much during the past year. It has fostered a better school spirit among the pupils. The first semester officers were president, Gerry Dreis; vice-president, Dale McQuiston; secretary, Ruth Hughes; and treasurer, Bernice Carlson. The second semester officers were president, Tom Leary; vice-president, Marion Storck; secretary, Dorothy Wenzel; and treasurer, Janet La Salle. . . . **TRAVEL . . .** The senior Travel Club is sponsored by Miss Felgar. The officers are president, Euphie Scott; secretary, Marian Paley; and treasurer, Betty Ruth Howell. During the meetings members give speeches about the trips they've made and the things they've seen. At some meetings they concentrate on one country and discuss its customs. The officers of the freshman Travel Club are Betty Massman, president; Marilyn Wilkins, vice-president; Carol Carlson, secretary; and Carol Steen, treasurer. Sponsoring the club is Miss Maranville, who has given many interesting accounts of her own travels. Ways of transportation and types of travelers make Travel Club discussions interesting. Students are also invited to give accounts of their adventures.

THE VALIANT. The players: Robert Loveless, Heath Byford, Tom Leary and Erwin Soukup.

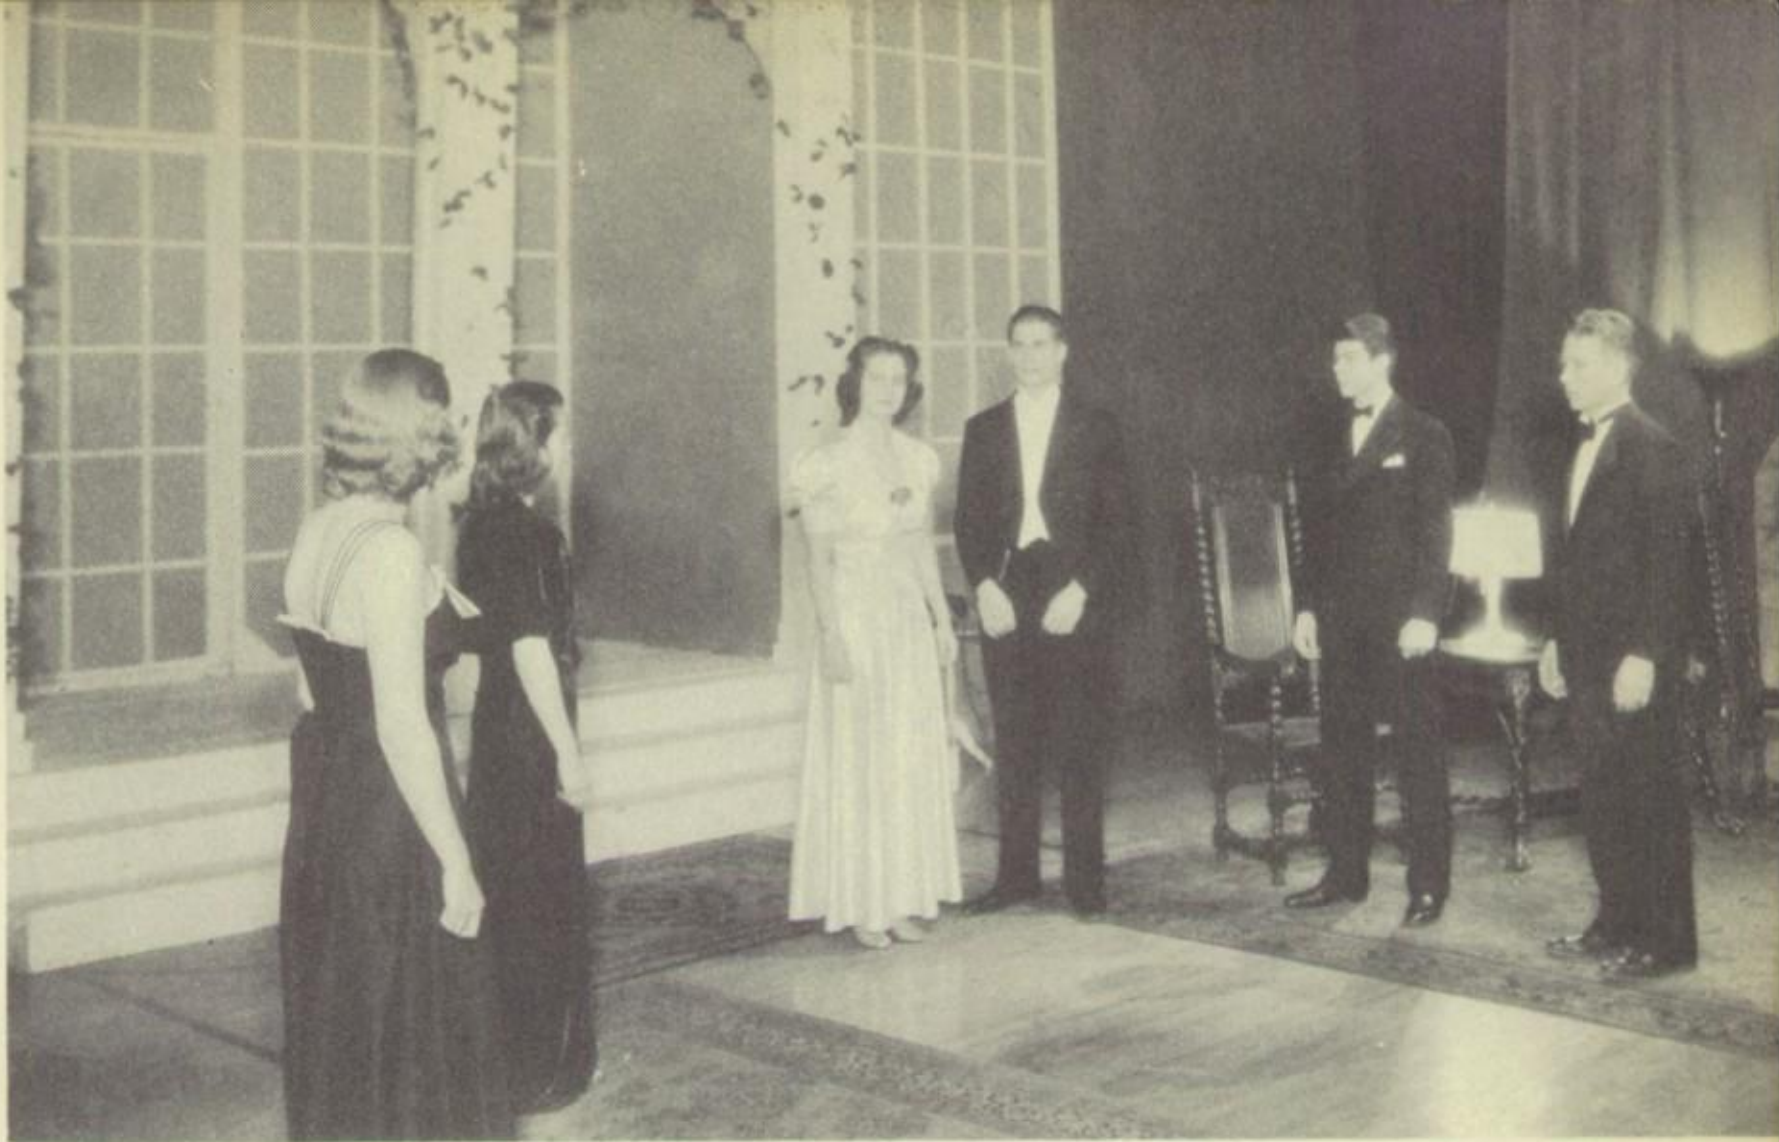

The Fortune Guild is the dramatic club of Wheaton High School. This year the club was sponsored by Mr. Keys, our new speech instructor, who was responsible for the several fine productions of the club. THE VALIANT, THE TRYSTING PLACE and GOOD MEDICINE were presented in the early fall, and all three proved beyond a doubt the exceptional dramatic ability of the club.

Every member is active in some way whether he acts, directs, or works on some crew: construction, lighting, make-up, or property. In this way everyone is introduced to every phase of dramatic production.

The old rule of allowing only upperclassmen to belong to the club was discarded this year when eight sophomores were admitted.

THE TRYSTING PLACE. The players: Dorothy Kuhn, Richard Carlson, Bill Hoy, Virginia Rinehart, Phyllis Ball and Melvin Grant.

DEATH TAKES A HOLIDAY: Mary Lou Sauer, Erwin Soukup, Tom Leary, Bill Pelling.

On March 17 the Fortune Guild presented its second play of the year, DEATH TAKES A HOLIDAY, by Alberta Casella. It was based on the poetic conception of Death suspending all activities for three days during which period he falls in love with a beautiful girl. Through her he realizes why mortals fear him. The play presented an optimistic philosophy on the problems of love and death. Mr. Keys, assisted by Betty Jones, ably directed the production. The students who took part in it should be highly commended for their realistic acting. The cast is as follows: Cora, Phyllis Hadley; Fedele, Keith Clark; Duke, Tom Leary; Alda, Carol Muench; Duchess Stephanie, Dorothy Kuhn; Princess of San Luca, Carol Reiman; Baron Cesarea, Dick Carlson; Rhoda Fenton, Dolores Uhlich; Eric Fenton, Pete Mignin; Corrado, Bill Pelling; Grazia, Mary Lou Sauer; Prince Sirki, Erwin Soukup; Major Whitehead, Bud Coats.

★★★ At the costume ball—Andy Lynch and Carlton Wilder dancing to the rhythm of the Top Hatters.

The revellers at this year's Mardi Gras were ushered into a picturesque gym decorated on all sides with Walt Disney floats. The Three Little Pigs, the Old Woman Who Lived in the Shoe, Ferdinand, Donald Duck, and Snow White and the Seven Dwarfs were all there. After the grand march was over, prizes were given for the most original costume. The music of Soukup's Top Hatters encouraged many to dance. They also furnished the program, which was a take-off on Kay Kyser's musical college. The orchestra then struck up FERDINAND, and who should appear but the bull himself to do a dance. St. Patrick's Day punch was served for refreshment.

At the annual G.R. ring banquet, about ninety members and alumnae watched Miss Husted place the coveted G.R. rings on the fingers of twelve deserving girls. Edna Mae Kahl, who has been present at every ring banquet, was the guest speaker. Tit for tat. First we beat Bensenville 31-24; then Hinsdale beats us 25-31 in the district basketball tournament. So it goes.

Calendar items: The orchestra hop had instead of a program a hit parade of the dancers' favorite tunes. SUGAR BLUES topped the list.

The cafeteria indirectly lighted and decorated in blue and white was the scene of the G.R.-Hi-Y party. The members danced to George Mosier's orchestra and played games. Refreshments served in the hall delighted them all.

Roman invitations in the shape of scrolls, tied and sealed heralded the Roman banquet on this, the Ides of March. The "Latins" all came in togas (sheets), some barefooted, others in sandals. Dinner, the delight of any Roman, was served in appropriate style with slaves to wait on tables and no silverware to eat with. An interesting program of drama and music was the climax of a banquet fit for any Caesar.

Some changes have been made in classes this semester. One important one is the introduction of a world literature class taught by Miss McCormick and a driving class under Mr. Wright.

A hilarious two weeks' campaign remembered for its eye-catching propaganda tacked on doors and windows, splashed on black boards, and even hung from electric lights showed what politics could do to ambitious whelps. This campaign suggested by the Dupage County Centennial and the Wheaton post of the American Legion was climaxed by a mock election in which the Nationalist party had a virtual landslide.

If you heard a long sigh of relief issuing from the sewing room, it was because the girls who have put some five miles of sewing on the old curtain in the last year had been informed that the school board had donated a brand new wine velvet curtain.

Spring vacation begins with balmy weather (36° in the broiling sun). Oh well, perhaps we can get in a little ice-skating or skiing.

Advices to underclassmen: Play safe. Don't risk your happiness. Look ahead into the future. Read your horoscope before it's too late. (All you have to do is join Miss Wiggins' typing class.)

Regrets—It's too bad the whole school couldn't have seen Muriel and Gerry act out *THE MASQUERADE IS OVER*.

The two election stunts Richard Carlson forgot about—baking propaganda in the biscuits and distributing pamphlets by airplane.

"In the spring, a young man's fancy lightly turns to thoughts of love." But we, the lucky members of the annual staff, have been favored all through the winter months by the grand performance of Mr. Cupid as he played havoc with two of our fellow members' hearts. NOT changing the subject HARVE you heard MARY LOU lately?

The receding folds of the curtain at the annual spring style show revealed a large room furnished in colonial style and outlined with ferns and palms. This season the track team has been fairly successful. It won the first meet with East Aurora 55-40. Next it took first place in a triangular meet at York. The score was $46\frac{1}{2}$ - $40\frac{1}{2}$ - $32\frac{1}{2}$. At the invitational meet at Naperville the Wheaton flashes took third place. The two mile relay team won first place. Unfortunately they lost an indoor meet at La Grange due to the fact that our boys were not accustomed to running without spikes. The big event of the year, however, was the annual county track carnival held at Wheaton . . . which, at this time can only be predicted as a victory.

In constructing this book the Wecomi Staff has enjoyed the cooperation of many students, faculty members and tradesmen. Some of the highlights in its construction have come through our work with Mr. Kohli; a true Wheaton Merchant. We thank him for his splendid help in the photography in this book. We feel that his pictures stand out by themselves. All individual pictures as well as many of the candid shots were made by him. It has been a pleasure to have him as the official Wecomi photographer and we are sure that all the seniors were pleased with his service in this capacity.

Others have contributed to the pictures in the book. We believe Bud Purrington's candid shot of Northrop to be one of the best. Others whose interest has helped have been George Bond, John Helfrich, and of course our own photographer, Roy Clansky. Mr. Burger has again contributed his share of candid shots.

Mention should be made of the assistance of Mr. Segal of the Bureau of Engraving for his help in planning the book and his ideas in keeping with our theme. We were glad to meet him on his trips to Wheaton.

The technical makeup has been directed by Mr. Burger and Miss McCormick. We thank them for their interest in the book and for the time and ideas given. We thank Mr. Roberts for his timely suggestions about our copy. Mr. Sandholm served as a business advisor for the first time and we appreciate his interest in advising the business staff.

We wish to express our appreciation to the Daily Journal for the use of some of their sport prints.

Julianne Neu has done a lot of the typing and deserves full credit in building this book. To the many others who have in any way aided in its construction we express our appreciation. We hope we have portrayed the real Wheaton school life in this book.

That's All - Folks

By now you've read our annual,
We trust you've found it rare
With all the pictures, jokes, and stuff
You've probably seen in there.

We've broken all traditions of
The yearbooks of the past;
Our object was to interest you
And not to flabbergast.

So keep this book forever, kids,
As something superfine,
For it will be your token of
The class of thirty-nine.

H. W. T.

Owen Reynolds.
